

In an effort to advance and prepare their graduates to be globally competitive, Holy Angel University (HAU) recently integrated SAP Business One, the world's second largest business software and most widely used Enterprise Resource Planning (ERP) in their curricula. Through an education partnership with Fasttrack Solutions, Inc. (FTSI) signed last May 2009, HAU's College of Business Administration curricula were made more responsive to one of the most sought-after careers in the corporate and I.T. world.

Present in the picture are (from left to right), Dr. Brian C. Gozun (HAU Dean, College of Business and Accountancy), Ms. Arlyn S. Villanueva (HAU President), Ms. Rexie Andal (FTSI Senior Consultant for Education and Training), and Ms. Ofel Del Rosario (FTSI Training Consultant).
