DEFINITIONS

Business Ethics

- Business ethics is the branch of ethics that examines ethical rules and principles within a commercial context; the various moral or ethical problems that can arise in a business setting; and any special duties or obligations that apply to persons who are engaged in commerce. (Wikipedia, en.wikipedia.org/wiki/Business_ethics)

- Moral principles concerning acceptable and unacceptable behavior by business people. Executives are supposed to maintain a high sense of values and conduct honest and fair practices with the public. (http://www.answers.com/topic/business-ethics)
