Bartending

- Bartending is a description for a professional individual whose responsibilities are making drinks and cocktails, he is also supposed to confirm the age of the alcohol taker. Bartending can also mean a process of maintaining the supplies and inventories of a bar. - A bartender (also known as a barkeep, barman, barmaid, or a mixologist) is a person who serves usually alcoholic beverages behind the bar in a licensed establishment. Bartenders also usually maintain the supplies and inventory for the bar. A bartender can generally mix classic cocktails such as a Cosmopolitan, Manhattan, Old Fashioned, and Mojito. Bartending profession was generally a second occupation, or transitional work for students to gain customer experience or to save money for university fees. This however is changing around the world and bartending has become a profession by choice rather than necessity. ([http://en.wikipedia.org/wiki/Bartender](http://en.wikipedia.org/wiki/Bartender))
